

# Unleash the Power of Finance Transformation

In an increasingly disruptive business environment, companies can achieve significant benefits through their finance departments in three areas:

1

**Drive top line growth**  
by enabling new digital business models.

2

**Safeguard and maximize the bottom line**  
by reducing the cost of **finance, and with continuous** controls and compliance in core processes.

3

**Raise the green line**  
by embedding sustainability in corporate steering.

## Benefits of excellence in finance transformation:

### Innovative Digital Business Models

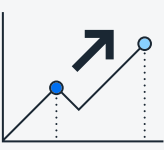

**Reimagine**  
financially viable billing and payment experiences.

**Unlock**  
growth with forward-looking, strategic insight.

### Steering Effectiveness

**Increase**  
customer and product profitability.

**Optimize**  
working capital.

### Reduced Costs

**Automate**  
the financial close.

**Execute**  
efficiently.

### Continuous Compliance & Controls

**Deliver**  
digital trust.

**Minimize**  
risk in international trade.

### Sustainable Steering

**Establish**  
flexible reporting needed to embed sustainable practices.
